

## PR 33-Z5 set

Universal hand press for terminals:

- with and without insulation of  $0,5 \div 6 \text{ mm}^2$
- cable end-sleeves of  $0,5 \div 35 \text{ mm}^2$

Features:

- easily exchangeable dies (see chart below)
- high repetitiveness and precision of crimping
- two-component grips prevents hand slipping
- ratcheting mechanism enables easy crimping using minimum force
- an eccentric for adjusting clamping force
- selection of dies for individual needs
- available with sets of dies in functional case

Dies need to be ordered separately.

Length: 220 mm; Weight (without dies): 500 g

PR 33-Z5 set (includes 5 sets of dies):

PR 33-A6, PR 33-E6, PR 33-T6, PR 33-T16, PR 33-S6

Type of die	Terminal type	Description	Cross section [mm <sup>2</sup> ]	Form of crimping
 PR_33-A6		For all types of terminals and connectors without insulation (except cable end-sleeves, receptacles and tabs)	$0,5 \div 6$	
 PR_33-E6		For all types of insulated terminals and connectors (except cable end-sleeves)	$0,5 \div 6$	
 PR_33-T6		For cable end-sleeves with and without insulation	$0,5 \div 6$	
 PR_33-T16		For cable end-sleeves with and without insulation	$6 \div 16$	
 PR_33-T35		For cable end-sleeves with and without insulation	$25 \div 35$	
 PR_33-S6		For receptacles and tabs without insulation	$0,5 \div 6$
