

Crimping dies ZSC

For Cu tubular terminals and connectors of 6 ÷ 300 mm².
 For Al tubular terminals and connectors of 16 ÷ 240 mm².
 ZSC dies only for battery powered hydraulic press EPZC, for copper tubular terminals and connectors ≥ 120mm².

Discriminant from 6 to 19 as in the chart above, from discriminant 20 the chart below					
ZSC only for EPZC	20	120		120	70
	22	150	150	95;120	150
	23		185		185
	25	185	240	150	120
	28	240		185	240
	30		300		185
	32	300	240		

- Crimping width of the ZSC die for copper 5 mm
- Basic set ZSC_K7 for the terminals according to DIN - 17 sizes
- Full set ZSC_K-K14 - 24 sizes
